Dear brothers & sisters,

HOPE & the evangelical association in Israel have conducted the Global Day Of Prayer (GDOP) event took place on Sunday the 11th of May. This is the second time GDOP event takes place in our region. The event took place in Golden Crown hotel main hall in Nazareth. We have shared and motivated 25 churches from all denominations to unite together for prayer with the rest of the world in the 10 days prior to the GDOP. Many churches from Galilee area to Jerusalem took part of the prayer event in Nazareth. There was around 17 local churches represented in this meeting and around 450 people attended. The prayer time was an awesome encounter with the presence of God, God's people approached the throne of grace with brokenness and repentance to return back to their first love! Pastor Nizar Shaheen spoke a powerful word about the fire of the Holy Spirit and returning to our first love.

We Thank the Lord also for "the savior praise" worship team from Jerusalem who came to specially lead us during the time of worship & praise. The Lord used them in a wonderful way.

We had several youth participating in this prayer event, youth came anxious to be part of the new thing God is doing in our people. Youth were a vital part of the prayer time were leaders/pastors were praying and blessing this generation with great release and anointing.

The Lord has done amazing shift in the heavenlies as well as in the hearts of the His people in this hour. Prayers were powerful and orchestrated by the Holy Spirit, therefore we believe that there is a new door opened in the heaven over Nazareth and the region. Our God is the GOD of the breakthrough!
